SUPERINTENDENT'S REPORT

To the School Board of Madison:

I herewith submit my twentieth annual report as superintendent of schools, it being the twenty-eighth in the series of such reports.

Democracy is being challenged today as never before. School, church and home form the triangle on which our safety rests. The triangle is a rigid figure and used much in the construction of foundations of heavy structures. If any side is imperfect the foundation gives way and the structure falls.

Homes and churches should be very active in building characters for worthy citizenship. Our immediate task lies in the schools in which teachers work so many days each year. We have comfortable buildings and good materials in a land at peace. We should do much. People in European countries are dying and the children growing up in ignorance. The children in America must save the world for Freedom and Democracy.

We must train for sound bodies, so we teach health lessons, we provide healthful conditions and outdoor playgrounds, and we have nurses and doctors to check up and correct defects.

We must train for mechanical skills for trades and industries. Our immediate defense program is calling loudly for workers with intelligent manual ability. It would be very wise to have some manual and domestic arts work in our schools, seeking to train hand as well as mind.

We must train for governmental tasks, so we have classes in History and Government and discussion on Current Events which are very much alive in these days. We have clubs and parliamentary procedure. We argue and discuss as people should in a Democracy. We try to train for future citizenship and worthy office-holding.

We must train for the finer arts, so we have music and drawing and poetry. We sing patriotic songs, we salute the flag and we try withal to appreciate the fact that our home country is free and prosperous because others struggled and worked and suffered for us.

We must teach scientific knowledge of plant and animal life and the laws of nature about us, so we have nature lessons and science lessons, and try to understand the new ways of living and working.

America marches on! What shall be her fate? The answer lies in the progress we make in character and the finer arts. Education without character is shown in the world gone mad today. We seek to find the virtues which endure—the finer senses of beauty, harmony, justice and honesty. The children must take over in the near future.

The health work is in care of the school nurse, Miss Ruth E. Allen. Her report appears elsewhere. Much more money could be used for correction of defects which the examinations reveal. Here is an excellent opportunity for some community activity.

The school board has continued its good work of keeping school property in good repair. The Corner Schoolhouse was painted inside and out and a ventilating heater installed. Needed sanitary improvements were made at the high school.

The new playground at the Corner, donated by the kindness of Mr. Henry Plummer, is much appreciated. A fence and evergreen hedge separate it from the lumber yard and add to its beauty. Provision has been made for volley ball and outdoor basket ball.

Work has been done at Silver Lake school yard to grade and improve the grounds. This is a step in the right direction toward beautifying school lawns. Our school yards should be beauty spots in our town.

Last June we graduated a class of five from our high school: Leland Drew, Philip Kennett, Lawrence

Meador, Frank Perreault and Richard Tyler.

A new headmaster came to the school in September, Mr. Victor N. Sanborn. He has started well with the work, assisted by Miss Ruth D. Pillsbury.

Recent graduates from the high school now in advanced institutions include Ruth Tyler in Nasson Institute at Springvale, Me., Minerva Pearson in Muskingum College at New Concord, O., Lincoln Pearson at University of New Hampshire, Walter Kennett at University of New Hampshire, Forrest Leavitt at Concord Business College, Janet Gerry training at Maine General Hospital in Portland, Me., Herbert Arnold in Plymouth Teachers' College and Janet Chick at Simmons College in Boston, Mass.

Superintendent of Schools

REPORT OF MADISON SCHOOL NURSE

This report is a summary of the work done by the school nurse from Feb. 1, 1940 to Feb. 1, 1941.

Visits to schools	46
Visits to homes	36
Business calls	30

Physical examinations of all schools have not been entirely completed, but will be before spring. Examinations in two schools have been completed, as well as vision tests made. All pupils have been measured once, and weighed several times during the year. Individual inspection of all pupils has been done several times during the year. I have found the physical condition of Madison pupils among the best in my towns.

A dental clinic was held during April, 1940. Dr. C. L. Reynolds of Conway was the attending dentist. 11 pupils were treated, with a total of 43 operations performed. The clinic was financed by private funds and the Madison Red Cross. We anticipate a dental clinic this spring, hoping that all school children, needing dental work, will attend. It is hoped now that the dental work will be done in town, by a visiting dentist.

The State Board of Education has definitely promised the use of the audiometer, an intricate machine used for the testing of hearing. The value of the audiometer test is the parents' acceptance of the obligation of follow-up work by a physician, in cases where hearing defects are found.

I feel very strongly that some consideration of the school nurse's mileage must be considered very soon by each community that she serves. I serve the towns of Madison, Freedom, Effingham, Sandwich, Moultonboro, Center Harbor, Holderness and New Hampton (working in three supervisory unions). Transportation of pupils to all clinics was done by me, in addition to my regular work, as no volunteers, with one exception, would undertake this duty; consequently extra mileage was added. My total mileage, for all communities, for the year was 9559.5 miles. The upkeep on any car, plus running expenses and necessary insurance, necessitate that this question should be seriously considered by each school board.

The cooperation of the superintendent, members of the school board, teachers and parents of the community has been very much appreciated.

Respectfully submitted,
RUTH E. ALLEN, R.N.
